13 Some say that it is no use for them to advertise, that they have been in the piace in ousiness all their lives, and everybody knows them. Such people seem to forget to take in consideration that our country is increasing in population nearly 40 per cent, every ten years, and no matter how old the place may be, there are constant changes taking place: some move to other parts, and strangers fill their places. In this age of the world, unless the name of a business firm is kept constantly before the public, some new firm may start up, and, by liberal advertising, in a very short time take the place of the older ones, and the

The Florence Nightingale of the Sursery.

The following is an extract from a letter written to the German Reformed Messenger, at Chambersburgh, Penn:

A BENEFACTRESS. Just open the door for her, and Mrs. Winslow will prove the American Florence Nightingale of the Nursery. Of this we are sure, that we will teach our "Susy" to say: "A blessing on Mrs. Winslow" for helping her to survive and escape the griping, colicking, and teething siege. Mrs. Winslow's Sosthing Syrup relieves the child from pain, and cures dysentery and diarrhora. It settens the gums, reduces inflamation, cures wind colic, and car ries the infant safely through the teething period. It performs precisely what it professes to perform, every part of it—nothing less. We have never seen Mrs. Winslow—know her only through the preparation of her "Soothing Symp for Children Teeth-If we had the power we would unake her, as she is, a physical saviour to the infant race.
